Morrison & Foerster provides a work environment where lawyers can openly be themselves while excelling at their chosen profession. They're vital members of a firm that highly values and promotes diversity and equality for everyone. That's why MoFo has been a standard-bearer for LGBTQ+ equality in the legal profession for more than 30 years.

AN INCLUSIVE FIRM

WE PLACE A PREMIUM ON DIVERSITY AND INCLUSION, CREATING A COMMUNITY OF PRIDE AND SUPPORT FOR LGBTQ+ LAWYERS.

Philip Besirof has been managing partner of MoFo's San Francisco office since 2013. He also serves as the firm's deputy general counsel.

OUT LEADERS

Our LGBTQ+ lawyers are leaders within the firm. They serve on our board of directors and the management committees that define our programs, policies, and external strategy.

Philip Besirof is the managing partner of MoFo's San Francisco office, which remains our largest outpost. He also is the firm's deputy general counsel.

San Francisco partner Fredo Silva is co-chair of the firm's Social Enterprise and Impact Investing Group.

John Smith is the co-head of the firm's National Security Practice Group.

Dan Levison is the head of the Singapore Litigation Department.

Dario de Martino is the co-chair of the firm's Blockchain + Smart Contracts Group.

THE FRONT RUNNER

In 2001, MoFo made history by becoming one of the first major law firms to elect an openly gay man to serve as chair. Keith Wetmore led the firm for 12 years, during which time we grew our presence in key technology and financial centers in the United States, Asia, and Europe. Keith also helped set new standards for LGBT equality within the legal profession.

He spearheaded the expansion of MoFo's benefits coverage to include same-sex partners, as well as health care tax offsets to employees and lawyers in same-sex domestic partnerships.

For his visionary leadership, *The American Lawyer* named Keith to its inaugural list of the top 50 innovators in the legal profession.

Keith stepped down from the firm in 2018, and in that same year, MoFo renamed the 1L Diversity Fellowship Program the Keith Wetmore 1L Fellowship for Excellence, Diversity, and Inclusion in honor of Keith's commitment to diversity and inclusion and his lasting impact on the firm.

LGBTQ+ AFFINITY GROUPS

LGBTQ+ Affinity Groups in Los Angeles, New York, Palo Alto, San Francisco, Washington, D.C., Europe, and Asia provide support networks and programming for LGBTQ+ lawyers and allies.

PRIDE MONTH

We're proud of our LGBTQ+ lawyers and the contributions that they make to the firm and our communities every month of the year, but each June we take time out to celebrate LGBTQ+ history, culture, and politics with presentations and entertainment sponsored by the San Francisco Pride Committee and firm Affinity Groups.

In 2018, Pride programming included a virtual tour of the San Francisco queer art scene with Van Buskirk and archivist and librarian Jeff Gunderson.

In 2019, LGBTQ+ attorneys attended the launch of World Pride in New York, which celebrated the 50th anniversary of the Stonewall Uprising. A presentation by Stacy Lentz, an LGBTQ+ activist and co-owner of the Stonewall Inn, was the highlight of the 2019 office programming.

In 2019, the newly launched LGBTQ+ Affinity Group in Asia also celebrated Pride Month in Tokyo during its April celebration and parade.

MOFO DIVERSITY SUMMIT

Since the 1990s, MoFo has held biennial workshops for our U.S.-based lawyers of color. In 2014, the workshops were expanded to include LGBTQ+ lawyers, and the two-day retreat was renamed the MoFo Diversity Summit. More than 150 diverse lawyers and staff attended the 2018 summit.

FELLOWSHIP PROGRAM

Our Keith Wetmore 1L Fellowship for Excellence, Diversity, and Inclusion program supports the development of promising law students from some of the top law schools in the United States. In 2019, three LGBTQ+ law students received fellowships from the firm.

GENDER INCLUSIVE EMPLOYMENT POLICY

In 2018, we instituted a formal gender-inclusive employment policy establishing a solid framework for censuring discrimination against the transgender community. The policy ensures that the firm's protections against harassment and discrimination extend to all MoFo employees, regardless of gender identity or expression.

LOVE! VALOR! COMPASSION!

WE'RE PASSIONATE ABOUT OUR COMMITMENT TO INCLUSION AND EQUAL PROTECTION UNDER THE LAW. THAT'S ONE OF THE REASONS WHY OUR LAWYERS DEVOTE COUNTLESS PRO BONO HOURS TO WORKING ON SOME OF THE MOST SIGNIFICANT LEGAL ISSUES FACING LGBTQ+ INDIVIDUALS.

MARRIAGE EQUALITY

We have been fierce advocates in the fight for marriage equality across the globe. In the United States, the firm successfully litigated numerous cases and represented amici in multiple jurisdictions on behalf of same-sex marriage rights. Before the Supreme Court struck down the Defense of Marriage Act, we also litigated to secure spousal medical benefits for federal employee Karen Golinski.

More recently, we have been very active on this front in other parts of the world. In Japan, MoFo joined forces with our pro bono client, Lawyers for LGBT & Allies Network (LLAN), to work closely with the American Chamber of Commerce in Japan to adopt a "Viewpoint" recommending that the government of Japan permit same-sex couples to marry — the first affirmative public statement supporting marriage equality by the business community in Japan. Since its launch in September 2018, 34 leading organizations, including chambers of commerce, law and accounting firms, international financial institutions, and other companies have supported the Viewpoint. In Hong Kong, Morrison & Foerster was part of a 31-member-strong coalition of international financial institutions and law firms who supported a British lesbian's ultimately successful case that overturned the Hong Kong Immigration Department's decision to deny her a spousal visa.

The firm is also assisting in the formation of a regional network of marriage equality activists in Central and South American named "Somos Familias." The network aims at developing a legal strategy to obtain marriage equality in the region, as well as developing public education campaigns that shift public opinion on LGBT families.

SUPPORTING FAMILIES

Our lawyers champion the rights of lesbian and gay families. We were part of the legal team that won a victory in the U.S. Supreme Court that reversed the state of Alabama's refusal to recognize second-parent adoptions by same-sex partners granted in other states.

TRANSGENDER RIGHTS

MoFo has sought to empower transgender individuals through the provision of pro bono legal services. Our lawyers regularly take part in legal clinics to help transgender individuals complete the necessary court filings to update their name and gender identity markers on government-issued documents. We also filed an amicus brief supporting a transgender high school student in a recent Title IX case before the Supreme Court. And in 2007 we won an important victory in Idaho for a transgender inmate seeking appropriate treatment while incarcerated, including access to hormone therapy. This was one of the earliest cases seeking this type of important medical treatment for transgender inmates.

Since 2014, MoFo has annually recognized the pro bono contributions made by individual lawyers with the Kathi Pugh Award. Ruth Borenstein and Fredo Silva respectively received the award in 2016 and 2014 for their outstanding pro bono work, including matters benefiting the LGBTQ+ community.

BATTLING AIDS

MoFo was there from the very beginning of the AIDS crisis in the United States, and we have maintained our long-standing relationships with organizations such as the San Francisco AIDS Foundation and the AIDS Legal Referral Panel. We're also providing pro bono representation to organizations seeking a cure for HIV/AIDS, including Cure HIV and the Research Foundation to Cure AIDS.

LGBTQ+ ASYLUM

We have taken on some of the most challenging asylum cases for LGBTQ+ individuals fleeing persecution because of their sexual orientation or gender identity, including groundbreaking cases for transgender asylum seekers. Working with the Lawyers' Committee for Civil Rights of the San Francisco Bay Area, we made headlines for winning asylum for a lesbian activist from Cameroon and her family after they received death threats following a screening of a documentary about Cameroon's underground LGBTQ+ community. Attorneys in our Tokyo office also represent LGBTQ+ individuals who have fled persecution and who are now seeking refuge in Japan.

MILITARY SERVICE

MoFo played a critical role in challenging the U.S. military's "Don't Ask, Don't Tell" policy. We thwarted efforts by the U.S. Air Force to discharge a highly decorated lieutenant colonel because of his sexuality, successfully sued for the reinstatement of two service members who had been wrongfully discharged, and continue to represent veterans who were wrongfully discharged based on their sexual orientation.

SUPPORTING LGBTQ+ ORGANIZATIONS

MoFo transactional attorneys also provide pro bono assistance directly to nonprofits serving the LGBTQ+ community, including on issues such as corporate governance, employment counseling, and intellectual property protection. MoFo has worked with a wide range of organizations, including All Out Action Fund, Bay Area Lawyers for Individual Freedom, Fruits in Suits, Lambda Literary, and the National Center for Lesbian Rights, just to name a few.
