

SoftBank's
\$21.6 billion acquisition
of Sprint.

We represented SoftBank in its \$21.6 billion acquisition of a 78% interest in U.S. wireless operator Sprint. The transaction was the largest U.S. M&A transaction of 2012 and, when announced, the largest cross-border acquisition by a Japanese company (now second to SoftBank's acquisition of ARM Holdings, a transaction that we handled for SoftBank in 2016).
